Team Kroot reaches Milestone

For Immediate release to all news outlets

Portland, Maine, September 16, 2014:

Late last evening, officials within the Team Kroot organization determined that a huge milestone had been reached. Since the team's inception in 2008 (formerly known as Team Deb), the Team has participated and fundraised in six Jimmy Fund Walks with their 7th walk coming up this weekend. With the fundraising in these walks and in Jason's past 3 runnings of the marathon, a total of over \$200,000 has been raised for Dana Farber Cancer Institute.

At this time, the team is currently on pace for a record year, likely eclipsing \$55,00 in hopes of reaching \$60,000. This news comes just days before a team of nearly 100 will walk not only the Boston Marathon course but also in Washington DC, Barcelona Spain, Costa Rica and in other locations.
